When you don't have enough money in your account

- Give or extend an unarranged overdraft and make the payment; or
- Refuse the payment due to lack of funds.

We do not charge for Paid/Unpaid Item fees.

If deducting interest causes you to go overdrawn or increases your overdraft, we'll charge interest on the new balance.

In any given month we'll never charge you more than the monthly cap for charges relating to an unarranged overdraft, including interest on the new balance.

The monthly cap on unarranged overdraft charges for your current account is £60. Further details can be found at <https://www.metrobankonline.co.uk/bank-accounts/products/current-account/>

*When making or receiving a payment between two different currencies (a currency exchange payment), a foreign exchange (FX) margin will be applied to your exchange rate. CURRENT ACCOUNT OVERDRAFT

What is an overdraft?

Overdrafts are a way to borrow money through your current account, and best used to cover short-term or unexpected payments. There are two types of overdraft: arranged and unarranged.

An arranged overdraft is one that you apply for, and lets you borrow up to an agreed limit. We use information from you and from Credit Reference Agencies to decide if we can offer this.

We don't usually let you borrow money without an arranged overdraft, or borrow more than your limit. However, some-times we allow this - so you can make a one-off payment, for example. This is called an unarranged overdraft.

If your account goes into an unarranged overdraft, you'll need to pay back the borrowed amount as soon as you are able. If you don't, we may have to close your current account. An unarranged overdraft can also impact your credit rating.

How much interest will I be charged?

Interest will be charged at 34% APR typical (variable) on both arranged and unarranged overdrafts until you've paid back the amount you borrowed. The interest rate will be calculated on your account daily and applied monthly - all the details will be on your monthly statement.

Representative example:

If you use an arranged overdraft of £1,200 on our Personal Current Account, the overdraft interest rate will be 34% APR variable.

Text alerts

We'll send a text as soon as possible if you go in to an arranged or unarranged overdraft, so you can avoid or minimise any interest charges. Also, we process standing orders, direct debits and future payments in the morning, so if you don't have enough in your account we'll text you as a reminder to top up your funds. We'll try to make the payment again at 2pm on the same day, and if it goes through we won't charge you.

We send you these alerts automatically. If you'd prefer we don't, please call 0345 08 08 500 or visit us in store. You can also choose to receive an alert when your account has a low balance - just let us know if you'd like to opt-in.

Changing or removing your arranged overdraft

An arranged overdraft doesn't have an end date, so it will stay on your account unless you tell us otherwise. If you want to reduce or remove your arranged overdraft, call 0345 08 08 500 or visit us in store. We can only reduce the overdraft limit if it doesn't take you below the outstanding balance.

Is an overdraft right for me?

An overdraft is a type of borrowing and, because of interest rates, can cost you. There's a handy calculator on our website, which will help you understand how much it will cost you to borrow money using an overdraft. We also have an eligibility feature, which help you work out whether your application for an arranged overdraft would be successful.

We're here to help

If you're having trouble managing your finances, including your overdraft, call us on **0345 08 08 500** so we can discuss how best to help you.
