

**We're saying goodbye
to this store on
17 June 2022,
but we're still
here for you**

Our Milton Keynes Midsummer store is closing, but you'll still be able to bank with us at our other stores.

Here's all the information on why we've made this decision, and the other ways you can bank with us in future.

Key information

This store will be closing its doors on 17 June 2022.

Where will my nearest Metro Bank store be?

As always, you can visit any of our stores to do your banking. All our stores offer the same great banking services including **counter services, Safe Deposit Boxes, Magic Money Machines, cash machines, and personal and business banking** support to help customers with their everyday financial needs. This is where you'll find your nearest store:

Why we're closing the Midsummer store

Why we made the decision

We do banking differently and believe that all our customers deserve a great experience when banking with us. This is why our stores are important to us, and we pride ourselves on being the first new high-street bank in over 100 years. We're a community bank that puts our customers at the heart of everything that we do. Our colleagues go above and beyond to offer exceptional service, and we've introduced new products to meet the needs of more of our customers. We value the relationships with local residents and businesses that our stores enable us to create.

We are committed to becoming the UK's best community bank and to having stores in major towns and cities across England and Wales. In 2020-21 we opened stores in seven new locations – and our Leicester store will start welcoming customers soon.

We sometimes need to make tough decisions, to be certain that we are investing in the right services and right locations to continue to meet the needs of our customers and communities.

We are still committed to having a store in Milton Keynes. However, whilst the town has been growing, our analysis indicates that we can serve the needs of the community with just one store. A lease break at Milton Keynes Midsummer allows us to exit that location and focus on our Oakgrove store. We haven't closed any stores since we launched almost 12 years ago and we are only letting go of Midsummer because it has the larger Oakgrove store nearby to continue to serve our customers in the area.

How we came to our decision

The main reason why we're closing this store:

Our Milton Keynes Midsummer store opened in January 2014, closely followed by a second store in nearby Oakgrove in May 2014. Whilst both stores are used, our Oakgrove store is served by public transport and has ample free parking, better meeting the needs of the wider catchment area.

The percentage of customers exclusively using Milton Keynes Midsummer has not significantly changed in the last three years¹, and has remained consistently low.

Over the past few years Milton Keynes customers have increasingly sought alternative ways to bank in addition to using this store²

However, before we make any decisions about an individual store, we must think carefully about our customers. There are many things to consider, but our customers are our priority. We look at how many customers we serve, the products they use and the ways they usually choose to bank with us to ensure that the impact on our customers is as minimal as possible. We also carry out an assessment of other ways to bank, and the impact of our decisions on customers who may need additional support. We believe that closing this particular store, whilst a tough decision, is the right choice because:

All our customers who have a Safe Deposit Box at Milton Keynes Midsummer will be able to move their valuables to a new box at an alternative store, at no extra cost.

We are also committed to ensuring that any customers who need additional support are able to access this through our stores or contact centres.

¹% impacted customers who exclusively used Milton Keynes Midsummer three times or more: 2019 (pre-COVID-19) 10.3%, 2020 11.7%, 2021 12.4%. Data correct as of September 2021 and represents personal, business and commercial banking customers who exclusively transacted in the store 3 times or more in the first half of each year.

² 72% have visited other stores or used Online Banking, our App, or telephone banking. Data correct as at September 2021 and represents personal, business and commercial banking customer who transacted in the store in H1 2019 (pre-COVID-19) and who also used alternative stores or channels during that period.

Supporting our customers and communities

We appreciate that closing the Milton Keynes Midsummer store will impact our customers and the local community, which is why we want to understand how people are affected and continue to offer the best service possible.

We'll be contacting your local MP and other community leaders to explain our decision and to hear feedback.

We will be making communications such as this impact assessment, posters and other leaflets available in store and online to let people know that the store is closing. We will gather feedback during the closure period and will update the impact assessment two weeks before the store closes.

We will be contacting all impacted customers to let them know their store is closing and how we can help.

We will have additional colleagues on hand to support customers through the change, answering questions and helping customers to register for Online Banking and our mobile App.

We will be contacting customers who exclusively used the store three times or more, and who we have identified as potentially needing additional assistance, to help them make the move to our other stores or find other ways to bank.

We'll let customers who have a Safe Deposit Box know how to arrange collection of their valuables, and how to request a new safe deposit box at an alternative store.

We are inviting customers to call, visit or email us if they need additional help and support.
